DETAILED ACTION

Specification

1. The abstract of the disclosure is objected to because it should be written in a single sentence. Further, the phrase "2.3. For use in a motor vehicle." and "3. Fig. 2" should be deleted. Correction is required. See MPEP § 608.01(b).

Drawings

2. The drawings are objected to because there is no descriptive legend provided for each of structural elements shown in figure 1 currently represented in a form of hollow rectangles. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claim Objections

3. Claims 1 and 4 are objected to because of the following informalities: In claim 1, the clause “at least one control device (12) by means of which a torque which is output by the drive machine (11) can be adjusted” is awkward and should be changed to “at least one control device (12) for adjusting a torque which is output by the drive machine (11)”. Further, the hyphens “-” used in claims 1 and 4 should be deleted. Appropriate correction is required.

4. This application is in condition for allowance except for the above-mentioned formal matters.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm’r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gary Chin whose telephone number is (571) 272-6959. The examiner can normally be reached on Monday-Friday 8:00 AM to 4:30 PM.
